■ WHY BROOKLYN?

Brooklyn is the most creativity-oozing place to inspire hungry artists and designers, surrounded by the mainstream art studios and buzzing energy with a plethora of free-thinking people.

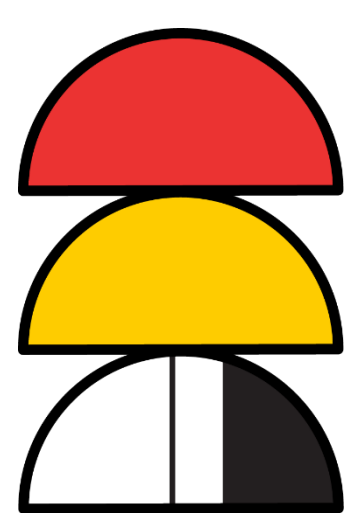

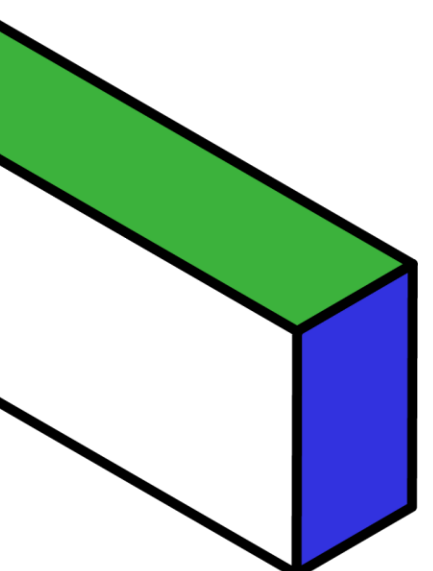

Like any real New York neighborhood our area has a nickname: Dumbo (Down Under the Manhattan Bridge Overpass). Dumbo offers the experience of old New York vistas in the shadows of Brooklyn and Manhattan bridges, destination dining, art galleries, boutiques, and coffee shops, all converging in a quaint, artistic waterfront neighborhood.

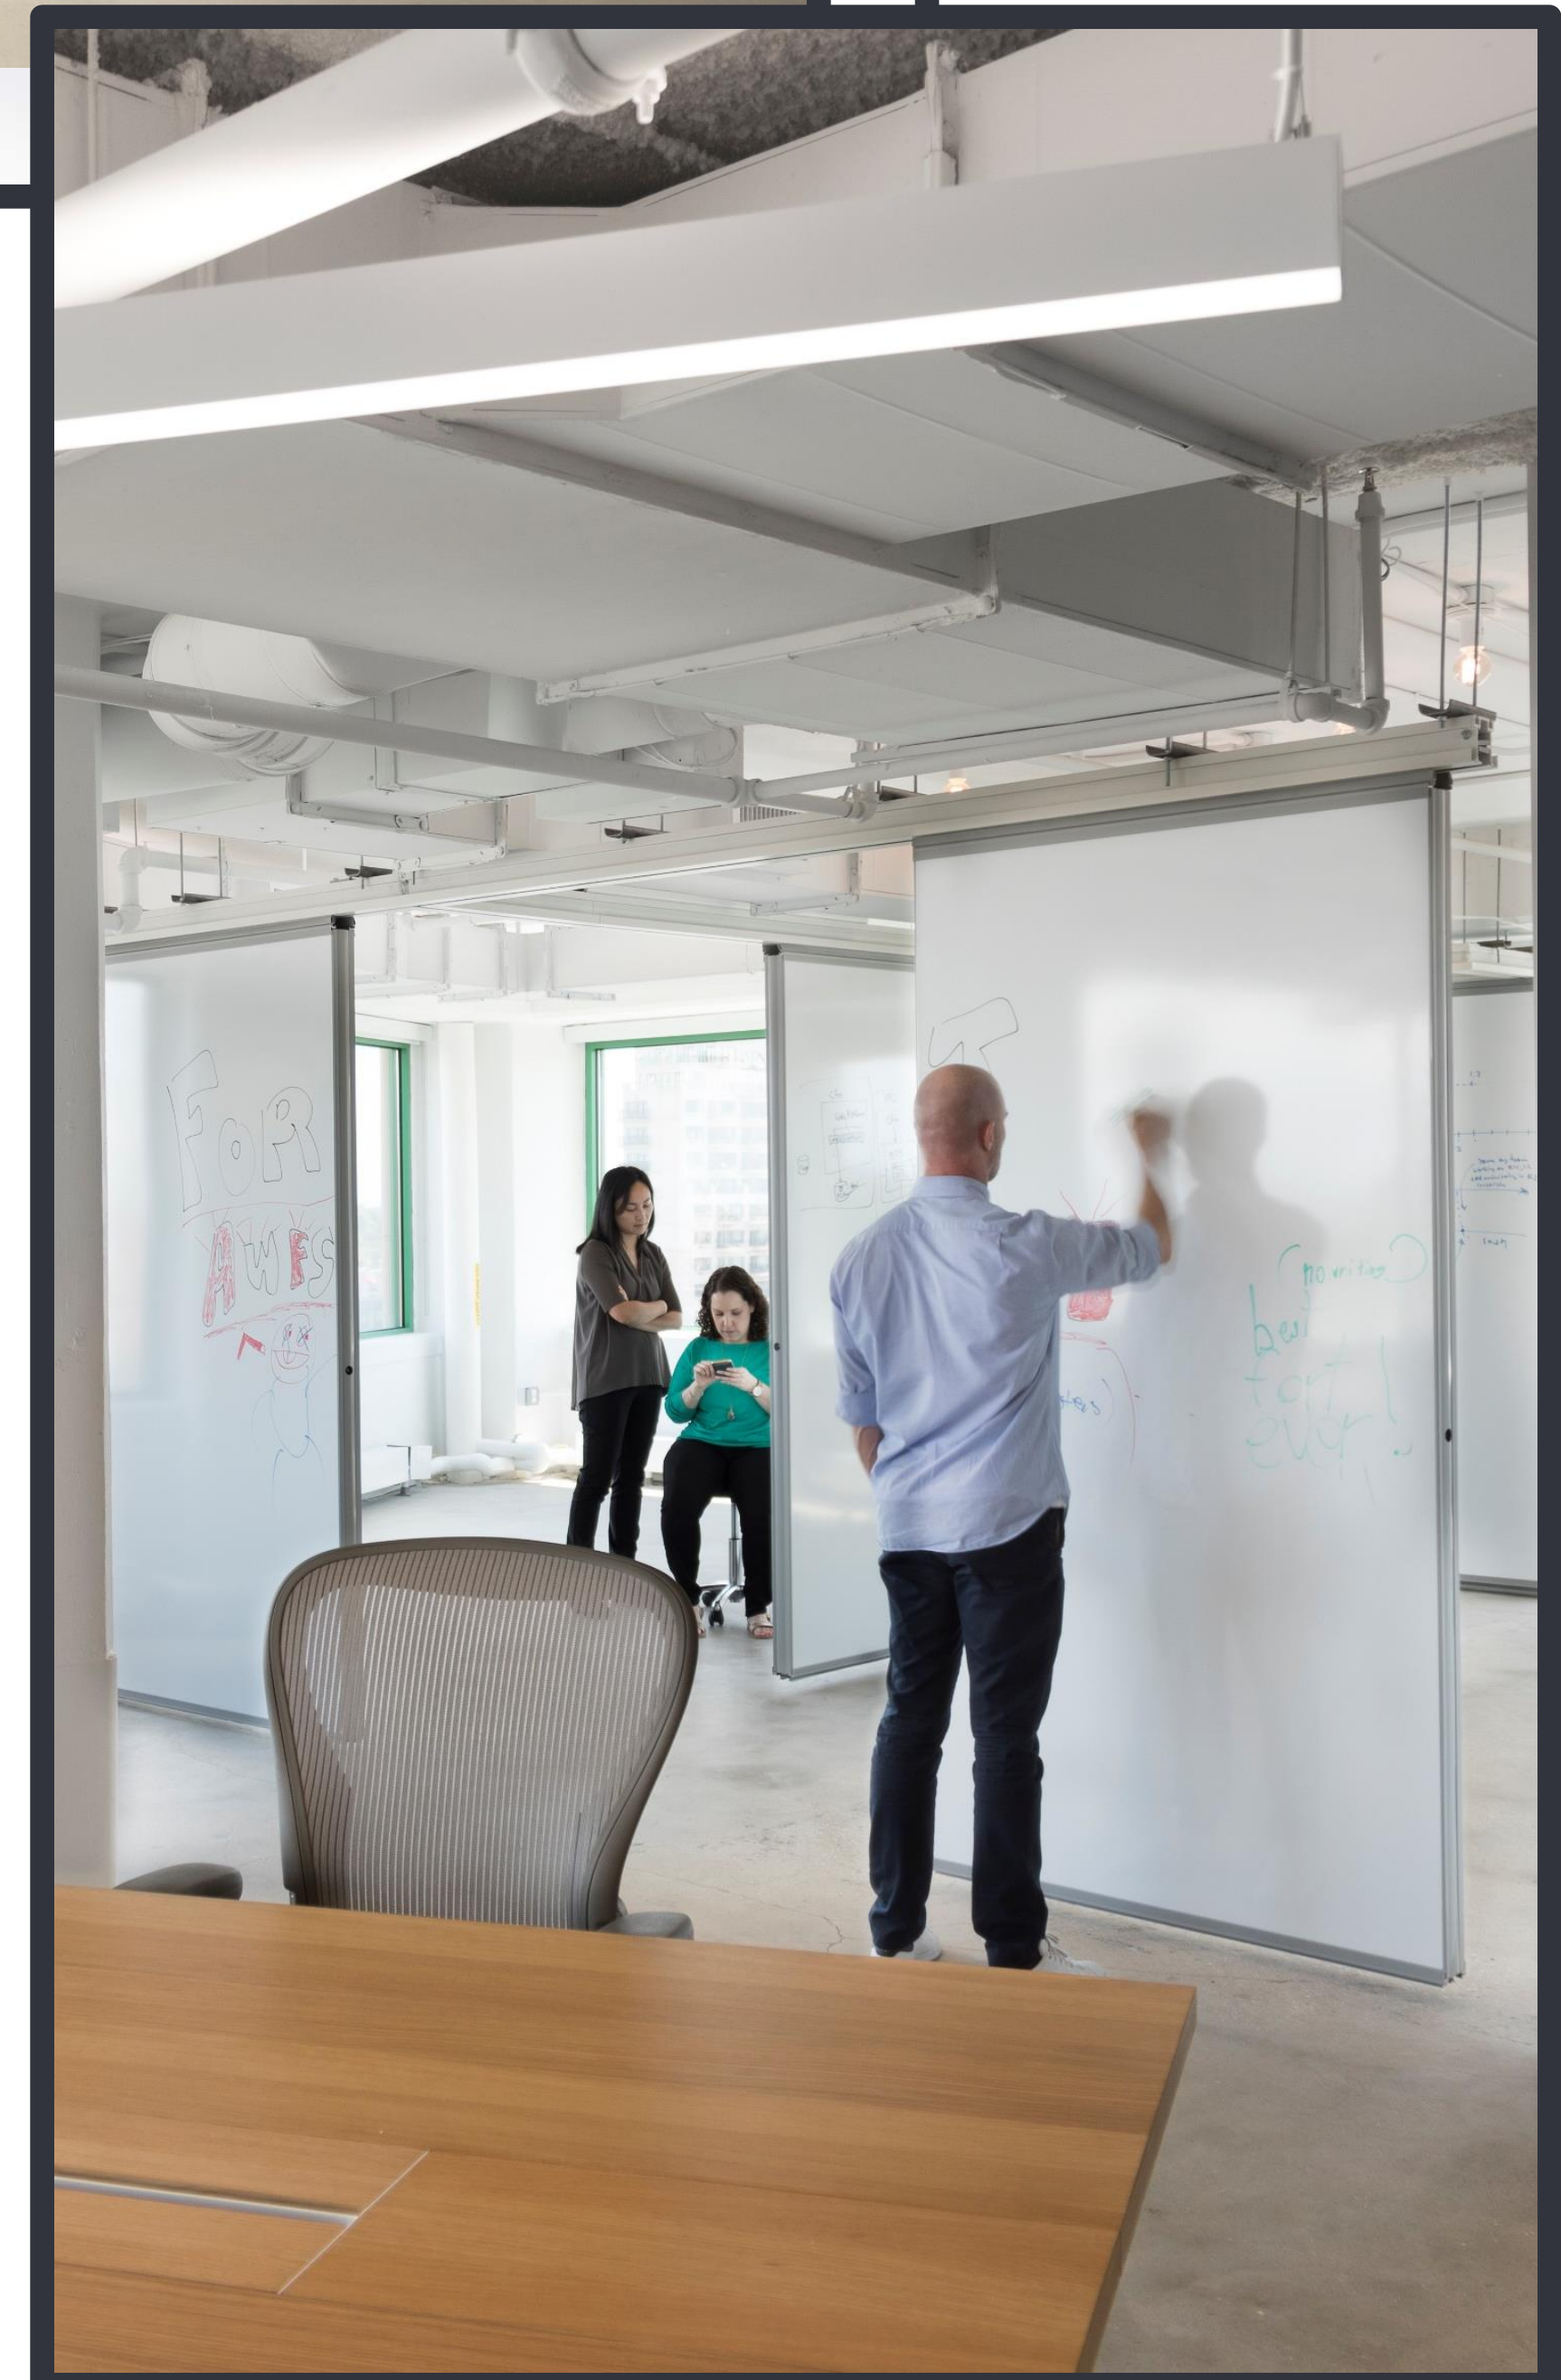

■ DESIGN & WORKSPACE

The hub spaces are built with sliding walls that are designed to move to create several spaces or one large space for team projects. The workspaces are organized in an open, approachable layout alongside private waiting areas and phone booths. The hub also features access to a variety of amenities and access to rooftop terrace with picturesque views of the surrounding areas. Thursday and Friday afternoons, weather permitting the rooftop transforms into a sexy rustic atmosphere serving limited bar menu from 4- 11 pm courtesy of Randolph Bar and Restaurant adjacent to our office.
