

# WHERE TRADITION MEETS INNO VATION

## Wipro's Delivery Center in Guadalajara, Mexico

¡Bienvenidos! to Wipro Guadalajara — two office spaces that combined make up our biggest delivery center in the Americas at over 95,000 square feet. Not only does this colorful and vibrant campus reflect the culture of the area, but they also foster an environment of community, health, and wellness.

We've designed both centers to include spaces for training and other customer projects. The Guadalajara campus plays a vital role in our global operations across diverse business lines: IT services, consulting, digital transformations, and business processes.

### ■ AT A GLANCE

- An amenity-rich campus experience
- Customer experience center, secured workspaces, conference rooms, and training rooms
- On-site doctor, cafeteria, game area, and wellness room
- Situated in the "Silicon Valley of Mexico," and at the center of an industrial/manufacturing neighborhood
- Two offices, 10 minutes apart, with convenient access to the airport and public transportation
- Fly to most major cities in the U.S. within a few hours, efficient for companies looking to establish near shore operations
- Close proximity to some of the best beaches in Mexico, as well as other popular attractions

## ■ WHY GUADALAJARA?

Guadalajara is often referred to as the Pearl of the West in honor of its historical, cultural, and economic significance. It stands as a thriving epicenter for technology, industrial, and manufacturing enterprises. This dynamic city not only boasts a burgeoning tech landscape, but also houses prestigious universities and research centers. Guadalajara proudly ranks among the top 100 most productive and globally competitive cities on the planet.

This bustling metropolis is more than just a corporate hub; it's an ode to Mexico's cultural richness. From the iconic strains of Mariachi music echoing through its streets to the mesmerizing folkloric dances that enliven every corner, Guadalajara pulses with the rhythm of tradition. The city's proud association with tequila, birria, and general liveliness tells a story of heritage that captivates all who encounter it.

Unwind during lunch breaks or after work in the lively atmosphere of Guadalajara's plazas, which offer a blend of cultural heritage and modern amenities. Enjoy street performances, local markets, and outdoor cafes that feature a wide array of dining options. From traditional Mexican cuisine to international flavors, Guadalajara's diverse culinary scene is a delight for the taste buds.

## ■ DESIGN

We've seamlessly blended the rich culture of Guadalajara into every corner of our workspace, infusing it with lively colors and intricate detailing. These elements have been thoughtfully integrated to create an environment that inspires creativity and innovation.

Both spaces were designed with sustainability in mind, and cater to clients of various sizes and unique business requirements. This flexibility ensures productivity and comfort are always a top priority. Both spaces were designed to ensure every employee can work with ease.

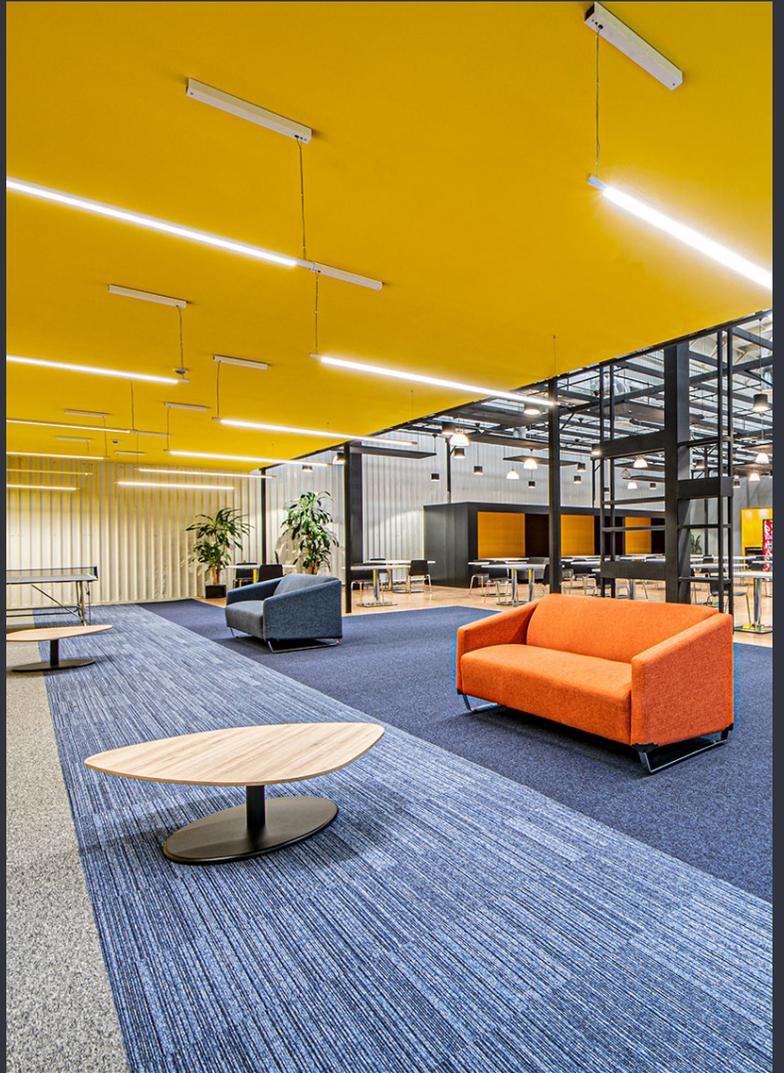

## ■ WORK SPACES

Whether seeking a collaborative open space for the team or a more private setting for focused work, the campus offers a wide range of options, from individual workspaces and secured ODCs to training customer experience centers. We weave trust, security, and compliance throughout to ensure we support different business objectives.

## ■ RECREATION & WELLNESS HUBS

Crafted with employee wellness in mind, both offices offer resources for promoting health, relaxation, entertainment, and fun. Whether employees require a break or respite from their workstations, the campus provides the necessary facilities for maintaining overall well-being.

- Wellness room with on-site industrial physician
- Game area with Xbox, billiards, ping pong, “futbolito,” pickleball, basketball, and volleyball
- Full-service cafeteria serving breakfast and lunch options, with vending machines available
